What Drives You?

Introducing the all-new LifeDrive™ mobile manager

With a 4GB¹ hard drive, built-in Wi-Fi® and Bluetooth® wireless support, the LifeDrive™ mobile manager from palmOne lets you easily carry all the essentials of your busy life. Files and folders from your desktop computer, 300 songs, 2.5 hours of video, 1000 vacation photos, and more are right there with you. Even files you may have left behind are within easy reach with WiFile™ software², whether you're in the airport lounge or a hallway between meetings.

With support for POP, IMAP and built-in Microsoft Exchange ActiveSync³; you can stay on top of email at your Wi-Fi® enabled office, home or any of the thousands of hotspots⁴. You can even download important web pages and view them later offline. Plus, an onboard voice recorder, MP3 player, and photo viewer keep your precious few moments of free time both interesting and productive.

Key features

4GB hard drive

With 3.85GB of usable storage, you can store and access years worth of email, thousands of Word documents, Excel spreadsheets, PowerPoint presentations, 300 songs, 1000 photos, 2.5 hours of video, and more—all with room to spare.

LifeDrive™ smart file management

Quickly drag and drop thousands of files from your PC onto your LifeDrive™ mobile manager. Your folder structure remains intact so you can easily locate important information when you need it. Plus, select the folders and files you want to keep in sync, and they'll be automatically updated whenever you sync with your computer.

Built-in Wi-Fi® and Bluetooth® wireless technology

Stay connected at Wi-Fi® hotspots in popular hotels, cafes and airports⁴. Access your POP, IMAP and Exchange corporate email accounts⁵. Browse the web. Or, use Bluetooth® to connect to compatible devices nearby—sync with your Bluetooth® laptop or dial a Bluetooth® phone⁶.

More room for MP3 files, photos and video clips

Whether you're viewing spreadsheets from business associates, listening to songs, or both, the LifeDrive™ mobile manager gives you room for virtually everything you might take with you. Plus the software you need is preinstalled. View photos and videos with the palmOne™ Media application. And enjoy all the MP3 songs in your personal music collection.

Support for Word, Excel, PowerPoint and Acrobat

Rehearse your PowerPoint presentation discreetly in an airport. Keep all of your important Word documents at your fingertips. Check the numbers in an Excel spreadsheet. Download and view an Acrobat file⁷. The LifeDrive™ mobile manager comes with support for native Word, Excel and PowerPoint files.

¹ 3.85GB is user accessible.

² Within wireless service coverage area only. Bluetooth® wireless functionality requires compatible Bluetooth® GSM mobile phone, data service from a mobile service provider and an ISP sold separately. Some Wi-Fi® hotspots require fee for usage. Requires a connection to the same network that the networked computers are on. VPN may be required.

³ For corporate email and calendar synchronisation with Microsoft Exchange Server 2003.

⁴ Some Wi-Fi® hotspots require fee for usage. Microsoft Exchange Server 2003 or VPN may be required.

⁵ Microsoft Exchange Server 2003 or VPN may be required.

⁶ Requires compatible Bluetooth® GSM mobile phone.

⁷ Acrobat files require conversion step.

LifeDrive™

Mobile Manager
